When it is disturbed in its proper action, all kinds of allments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequaled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Upon arriving at the picnic grounds, preparations were at once made for a good time, and the members of the Society, their wives and little one separated into groups and wanderedoff to enjoy themselves as best they could. There were numerous other methods of enjoyment provided, and none present were at a loss for amusement.
